CURRY TO ADDRESS BULL MOOSE HERE

Trumpet Corps and Military Band From Fort Bliss Will Furnish Music for Parade Saturday Night.
Congressman George Curry, of New Mexico was here Thursday on his way to his home in Tulsa, Okla., from Albuquerque. Congressman Curry will return Saturday to deliver the principal address at the Bull Moose meeting Saturday night in Cleveland square. Arrangements are being completed for the Bull Moose meeting and parade Saturday night. A trumpet corps is to be secured at the fort and a military band will play in the parade, and at the square.
A number of women have telephoned president Rinehart of the Roosevelt-Johnson club asking that a meeting be reserved for women at the meeting Saturday evening. This will be done and the women will wear the red bandana handkerchiefs which are to be the badge of the Bull Moosers in the parade.
H. Y. Anderson, secretary of the club, has received 1,000 bull moose badges which he is distributing among the followers of the big moose in El Paso.

WILSON IS OPPOSED TO RECALL OF THE JUDICIARY

New Haven, Conn., Sept. 26.—In a speech that was received with enthusiasm at Hartford, and another at New Haven governor Wilson explained that he favored the initiative and referendum and the recall of administrative officers, but that he was opposed to the recall of the judiciary.
"I didn't believe that to be progressive was to preserve the essentials of our institutions. I for one could not be progressive," said governor Wilson in his Hartford speech.
Discussing the initiative and referendum, governor Wilson said: "It is the last word that makes men shrink. Let no man deceive himself by the fallacy that anybody proposes to substitute direct legislation by the people or a direct reference of laws voted in the legislature to vote of the people, for representative government."
The initiative is a means of recapturing the seat of legislative authority on behalf of the people themselves. The referendum and the recall of administrative officers are not put upon the statute books, but are checked by being submitted to the vote of the people.
"I don't see how any man who is grounded in the traditions of American affairs, can find any valid objection to the recall of administrative officers."
"It is another matter when it comes to the judiciary. I myself have been in favor of the recall of judges. Not that some judges haven't deserved to be recalled—that isn't the point. But because that is treating the symptoms instead of the disease."

ROOSEVELT IS FATIGUED BY HARD CAMPAIGNING

Memphis, Tenn., Sept. 26.—Ex-president Roosevelt dropped his campaign and talked deep waterways and bear hunting instead, while here. He was most of the day in Little Rock, Ark., and came to Memphis last night. It was a rainy depressing day. Roosevelt was fatigued when he arrived here, and went to his room.
There was one brief incursion into politics during the day. When he was on his way from Little Rock to Memphis the colonel was asked to give a speech to greet a small company that had gone in the rain to see him as he passed through. He talked to them for a moment.

"You ought to belong to the Progressive party," he said, "if for no other reason than because we are trying to abolish boss rule."

JOHNSON ANSWERS CRITICS OF PROGRESSIVE PARTY

Hartford, Conn., Sept. 26.—Critics of the Progressive party who have termed the social and industrial campaign, in speeches he made here and in New Haven.
"It has been charged that our platform is unduly radical," he said, "and you may think such is the case. Not so. Imperial Germany has carried out the program in full; royal England has gone half the way and under Lloyd-George is going the rest of the way."
The state's right doctrine of the Democratic party, the governor told a crowd at New Haven, "is responsible for the failure of that organization to take a stand on child labor."

WOMEN WILL CELEBRATE ROOSEVELT'S BIRTHDAY

New York, N. Y., Sept. 26.—The birthday of Theodore Roosevelt will be celebrated as "Founders' day," in honor of the founding of the Progressive party, by women in all parts of the country who are working in behalf of the new party, according to an announcement today at Progressive national headquarters.
Senator Joseph Dixon, of Montana, has authorized Mrs. Medill McCormick, of Chicago, to begin a countrywide movement for the formation of a national day of the Progressive party on October 27, but this year it falls on Sunday.

TAFT ASKS NEW MEXICAN TO CAMPAIGN FOR HIM

Santa Fe, N. M., Sept. 26.—L. Bradford Prince, former territorial governor of New Mexico, has received a personal letter from president Taft, as well as letters from the national and state committees of New York, asking him to take part in the campaign in New York. It is probable the former governor will go on an extensive tour after making one or two campaign speeches in New Mexico.

CONNECTICUT PROGRESSIVES NOMINATE H. KNOX SMITH

Hartford, Conn., Sept. 26.—Herbert Knox Smith, former United States commissioner of corporations, was nominated for governor of Connecticut by the Progressive state convention.
The state platform favors the direct primary in state affairs, preferential referendum and recall, woman's suffrage and a workman's compensation act.

NEW YORK REPUBLICANS MAY NOMINATE SCHURMAN

Saratoga, N. Y., Sept. 26.—Jacob Gould Schurman, president of Cornell university, was mentioned in gossip about the Republican state convention held here today as a possible candidate for governor of New York.
Arguments over the platform on direct nominations and woman's suffrage delayed the report of subcommittee on resolutions.

NEW MEXICO CANDIDATE WILL VISIT EVERY COUNTY

Santa Fe, N. M., Sept. 26.—Marcon Du Baco, nominee of the New Mexico Progressives for congress, will soon start on a speaking tour that will carry him into every county in the state. He says he will make his campaign on both national and local issues.

ROOSEVELT TO TESTIFY ON OCT. 4

Washington, D. C., Sept. 26.—After a telephone conference with Oscar K. Davis, of the New York Progressive headquarters, senator Clay announced that Friday, October 4, would be set by the senate committee investigating campaign expenditures for the appearance of Col. Roosevelt. The hearings will begin next Monday.

MR. OTERO'S BELIEF WAS WELL GROUNDED

East Side Grocery Merchant Tells What Plant Juice Did For Him.

Mr. H. Otero, the well-known East Side merchant, grocer and meat market man, whose place is at 1204 East Second street, has this to say: "I believe in that Plant Juice. I had faith in it ever before I had asked for an endorsement from some of my friends whom I knew had been taking it. I believe in herb medicines. I have had considerable trouble with my kidneys; had dull, heavy pains across my back; have been troubled over a year with rheumatism, catarrhal troubles, or in fact any ailment of stomach, liver, kidneys and blood. It is the greatest system cleanser, corrective and curative of the age. It will do you good from head to toe. I have seen it work at Kelly & Pollard's drug store."

BELGIAN PLAN IS FAVORED IN REPORT

Boston, Mass., Sept. 26.—A report favoring the movement initiated by the Belgian government to harmonize the tabulations of the world's commercial statistics was endorsed by a report presented to the Fifth International Commercial congress today by Eugene Allard, president of the Belgian chamber of commerce of Paris. The resolution presented with the report says: "The congress invites the Belgian government to convene as soon as possible a second session of the conference, at which the delegates should be able to bind themselves in conformity with the agreement already reached, to institute, in addition to the ordinary commercial statistics, a tabulation of the condition of commercial traffic of their respective countries, in order that this may appear, beginning with the fiscal year 1913, as a supplement to these statistics."

"Approves the proposition made at the Brussels conference to create an international bureau of commercial statistics, whose duty it shall be to compile all useful data to furnish the commerce of the world with an annual review, which should be as complete as possible be made semi annual and eventually monthly, of the commercial traffic of the principal countries of the globe, to be compiled in conformity with the classification of merchandise adopted by the aforesaid conference."

In his report, Allard declared that the importance of such bills of lading could hardly be over exaggerated, and gave as an example of the importance of new legislation the enormous amount of exporting now carried on between the 24 leading commercial countries of the world. These countries, Mr. Allard estimated, are exporting at the rate of \$2,500,000,000 worth of merchandise each month, or about \$57,000 per minute. The two essentials of a bill of lading, Mr. Allard declared, were: (1) that it must be binding upon the carrier whose agent has issued it, whether the goods are lost, damaged or stolen; (2) that it has passed into the hands of an innocent purchaser; (3) it must be protected against forgery.

MORGAN WILL NOT APPEAR BEFORE COMMITTEE SEPT. 26

New York, N. Y., Sept. 26.—J. Pierpont Morgan will be unable to testify before the committee on Sept. 26. He has received a telegraphic request from the committee, but it was learned, authoritatively here today, that the date selected was not in line with his other engagements. He will, however, it was said, be glad to appear later.

GENERAL WOOD SEES NO PROSPECT OF INTERVENTION

Chicago, Ill., Sept. 26.—Gen. Leonard Wood, chief of staff of the United States army, said while here that at present there was no possibility of intervention in Mexico by the United States.
"I don't see even the remotest possibility of any trouble between the United States and Mexico," he said. "Our troops along the border are there to preserve neutrality. They have strict orders not to step across the international line. I think the talk of intervention is nothing but a bugaboo."

Seeking news of Will Dockery, aged 19 years, who has been lost sight of for almost a month. W. M. Biggs, of Shackelford county, arrived in El Paso Wednesday afternoon. The sheriff stated that he came at the instance of

the boy's mother, who was almost prostrated with grief over the boy's disappearance. It was stated that up to August 28 Dockery was employed at a livery stable at Gallinas, N. M.
